Professional Summary

Entry-level Software Developer and IT graduate with hands on experience in C#, ASP.NET Core, Flutter, Firebase and SQL databases. Strong foundation in object oriented programming, web and mobile application development and basic networking principles. Proven ability to support technical environments, collaborate in team based projects and deliver functional software solutions. Seeking a graduate or junior role in software development or IT support where technical skills and continuous learning can add value.

Education

Central University of Technology,Free State.

South Africa

Dip.Information Technology(Software Development)
2025

Feb 2023 – Nov

Technical Skills

Programming Languages:

C# , ASP.NET CORE, ASP.NET MVC, HTML5, CSS3,Dart, JavaScript

Frameworks & Tools:

Flutter, Firebase, Git, Figma

Database:

SQLite, Firebase Realtime Database, MYSQL

Networking & Systems:

PC Assembly, Network Configuration (Cisco Packet Tracer), Windows, Linux, macOS

Other tools:

Microsoft365, Microsoft Project

Key focus area: Web App Development | Object Oriented Programming | Mobile App Development | Project Management | Databases | Functional Programming

Work Experience

Central University of Technology

South Africa, Bloemfontein

Student Assistant

Sept 2024 – Nov 2025

- PC assembly and networking
- Assist lecturers in administering practical classes for first year students -
Invigilating during tests and quizzes

Projects

Final Year Project – Leave Management System

- Designed and developed cross platform leave management system to digitize employee leave processes
- Implemented user authentication, role based access and secure data storage
- All components were linked through Firebase, ensuring real time updates and secure access across platforms
- Included comprehensive error handling
- Technologies used: Flutter, ASP.NET MVC and Firebase Backend

Student Management System

- Collaborated with a team to design and develop a student information management system
- Participated in acquiring requirements gathering, coding, testing and deployment
- Implemented MVC architecture to maintain clean separation of concerns
- Built database structures to store and manage student records

Skills

- Programming

C# (.NET CORE, ASP.NET CORE) ,JavaScript

- Hands on Experience

Microsoft 360, UI and UX Design (Figma), Cisco Packet Tracer(Network configuration), Microsoft Project (Project Management).

- Soft skills

Communication | Adaptability | Teamwork | Leadership | Active Listener | Critical Thinking

Certifications

-IT Essentials : PC Hardware and Software(2023)(Cisco)

-Introduction to CyberSecurity

-Full Stack Development(FNB Academy)
